## Education

### Middlebury College - B.A. Neuroscience

CUMULATIVE GPA: 3.96/4.00

Middlebury, VT

Sep 2019 - Expected May 2023

## Technical Skills

- Python, R, SQL, LaTeX, Web-Scraping, Git, tidyverse, dplyr, ggplot2, tibble, tidyr, readr, stringr, gganimate, HTML, CSS, JavaScript

## Work Experience

### Spritzer Lab

RESEARCH VOLUNTEER

- Researching effects of testosterone on spatial cognition of rats to examine adult neurogenesis and possible applications for Alzheimer's
- Utilized surgical micropipetting, histological analysis techniques with concepts such as neurogenesis, growth factors, and genetic data analysis

Middlebury, VT

Feb 2021 - Present

### Middlebury Department of Mathematics

TEACHING ASSISTANT & GRADER

- Assist students for Intro to Statistics with concepts on t-test, chi-squared test, regression, ANOVA, and data analysis
- Help students debug R, learn webscraping, and use R packages such as tidyverse, dplyr, ggplot2, tibble, tidyr, readr, and stringr
- Graded 40 assignments for 2 classes for 40 students for 4 times a week

Middlebury, VT

Feb 2020 - Mar 2020

### Chonbuk National University Department of Biology

RESEARCH VOLUNTEER/SHADOW

- Worked on antibodies with mice, learned gel electrophoresis, centrifuge, micehusbandry, and micropipetting in Professor Sang Wook Oh's lab

Jeonju, South Korea

Jul 2017 - Aug 2017

## Projects

### Airplane Crash and Mortality Analysis 📊

DATA SCIENCE FINAL PROJECT

- Used R to analyze airplane crashes and the mortality based on several factors, from plane model type to airline carrier

Middlebury, VT

May 2020

### Cigarette Consumption Analysis 📊

STATISTICS FINAL PROJECT

- Used multiple regression and residuals plot to analyze and model cigarette consumption in the United States

Middlebury, VT

November 2019

## Honors & Awards
